		Page: 1 / 2

As TRX, we guarantee the scope of construction, sales, marketing and project management of new shipbuilding ships;

- To determine, implement and enforce the necessary measures for the factors that may cause work accidents and occupational diseases in our enterprises,
- To ensure that the right equipment is used for a healthy and safe working environment,
- To ensure that all our employees, suppliers and visitors comply with the occupational health and safety rules,
- To achieve the goal of “Zero Occupational Accident” by making the occupational health and safety culture a lifestyle and continuously improving it,
- To periodically review the targets set by participating in risk analyses and improvement studies at all levels,
- To support the consultation and participation of our employees and employee representatives,
- To protect our employees from retaliation,
- To continuously improve the occupational health and safety knowledge and awareness of our employees through training activities,
- To meet the requirements of the national law, relevant standards and obligations on occupational health and safety.
